Re: Asbestos Annual Notification

As you may recall, we decided to use a Signed Statement obtained during construction of Building A on the Tri-City Baptist Church Ministries campus certifying that no asbestos-containing materials exist in this Building A.

We further note that no asbestos containing materials have been used in Building A since the end of the construction.

A copy of the Asbestos Management Plan including a copy of the certifying letter are available in the main Tri-City Christian Academy Office and is available during office hours to anyone for review.

Should you have any questions or comments, please contact the Business Manager or facility management.

Sincerely,

Walter L. Baines  
Business Manager &  
Asbestos Program Manager
