## History

TCA is a private Christian school enrolling students in K3-12th grade. It opened in the fall of 1971 as a ministry of Tri-City Baptist Church. The school has grown steadily in spiritual emphasis and academic excellence and is considered one of the best Christian schools in Arizona today.

## Philosophy

Education at TCA doesn’t merely have a Christian flavor. We believe the purpose of education flows from the Word of God. Every lesson teaches Christ. Colossians 1:17 says, “by (Jesus) all things consist,” so math and science are studies of the very nature of Christ. History is the study of God’s dealings with humans. Language is God’s chosen method of communicating with us.

## Academics

Our average achievement test scores are some of the best reported scores in the East Valley. TCA’s high school graduates have a high acceptance rate to the college of their choice, and many receive college scholarships.

## Faculty

The backbone of TCA is our excellent faculty. With several teachers who have been teaching for 20+ years, and several teachers fresh from college, TCA has a balance of experience and new ideas that contribute to our quality educational program.

## Extracurricular Activities

TCA is small enough to have a family atmosphere, but big enough to offer extracurricular activities to challenge each student.
