The Lord has already blessed in the new year. Our church in Kisi has seen several salvation decisions already this year, five in the last week. Thanks you for your prayer for this new work and please pray that Pastor Charles will be able to disciple them and that God continues to grow the church.

Santon has seen new visitors each week and salvation decisions as well. Jean Marie, one of the Congolese members of the church has grown spiritually in the last year. He will be helping Pastor Lawrence fill some of the responsibilities this year and he hopes to go back to the Congo to start a church some day.

The Bible Institute got off to a good start. The men are taking a hermeneutics class and are working hard. There have been 10-14 faithful men in the institute since it started. Please pray the Lord continues to use these men for His honor and glory. Denise and the kids are plugging away at school. Caleb is almost finished with his Kindergarten year, he is reading and enjoys math. Hannah is a hard worker and should be able to finish a little early as well. Abby is mastering cursive, she also enjoys math. Having the garage as the school room has really made it nicer for all of them.

It is our summer on this side of the world. Our new house location is a little cooler than the old place and has a nice breeze. We have also enjoyed some unexpected rain for this time of year. The kids are enjoying riding their new bikes they got for Christmas, we are grateful for the extra yard space so they can get out, exercise and enjoy the beautiful weather. We look forward to the new year and are excited to see how God is going to work. We covet your prayers and support. May God bless you all.
