Dear Praying Friends,

I apologize that our prayer letter is being sent out late. I have been waiting for the architect to tell me that the fire department approved our plans for the church building in Sotanga. It still has **not happened**. The architect apologized to me a few weeks ago for not getting this done. He said that he has been very involved in building a headquarters building for architects in our county. I asked him if I could take the plans to the fire department to request a permit. He told me that he had to be the one to do it because they would want to question him about some parts of the project. Please continue to pray. If we do not receive the permit by the end of this year I may seek another architect.

Recently one of the teens that attends our Church trusted Christ at a special service for teens and young adults. **Please pray for Alex**. Teens from poor families like the ones we minister to in Sotanga many times become teen mothers who are expected to marry by the time they are 17-19 years of age. Those that come to church faithfully have the challenge of finding a true Christian to marry. **Please pray for Anitsa and Flory who face these pressures**.

In September we went to a Missions Retreat in Greece, and it was a real encouragement. I drove the Ford, Van that we had purchased back in July and it drove great and had no problem. We praise God for safety on the trip! **Sally and I want to thank all of you that prayed and/or gave towards the van**. It has been a great people transporter and we have squeezed as many as fourteen people in it. I still will need to register the van here in Romania. I have been waiting for the Romanian government to change the first registration and pollution tax laws (rates). I believe they have approved a new law which will lower the tax rate by 25 %, but it will take thirty days or more to come into effect. **Pray that we will have the financial means to pay all the taxes to get the van registered**.

In our previous prayer letter I mentioned that we led a young woman by the name of Daniela to the Lord. She has been suffering from depression since 2006 and she has requested our help to purchase her medicines. The Romanian government has started to make people pay for a portion of their medications. For many of the poor they barely survive how it is and when they have to stretch their small incomes to cover medical expenses, many times they quit their treatments. **Pray for wisdom for us as we have many more requests for help than we can possibly meet**.

Thanks to some close friends in California we now have a website of our ministry here in Romania. The address is BurnettsinRomania.org It is a work in progress.

Sally and I want to thank you all for your prayerful support given so that we can serve the Lord Jesus Christ here on the field of Romania!

In Christ Service,
